**Approval of Minutes:** The minutes of the August 13, 2015 meeting were reviewed and accepted as submitted.

**Public Participation:** No members of the public were present.

**Old Business:**

- Gates and Pillars – Hope\_Kaufman agreed to research relevant architectural standards to determine if any guidance exists for design of gates and pillars that might be useful as a template when those structures are proposed on scenic roads.
- Stone Arch Bridges / Historic Register Project: The SRBC developed a tentative list of bridges that are presently not subject to NJ or federal historic protection, but for which equivalent protection will be requested from the Hunterdon County engineering department. The list of bridges recommended for preservation will be presented to the Township Committee for possible follow-up with the Hunterdon County engineer. Mr. Cassa suggested that the list of bridges, as agreed upon between the Township Committee and the County engineer, should also be presented to the Land Use Board to consider for inclusion in the next revision of the Master Plan.

**New Business:** None.

- Land Use Board Application : 55 Sawmill Road, Block 27, Lot 67. The SRBC reviewed plans for proposed alterations to the residence and found no issues with the project as presented.

**Adjournment:** The meeting was adjourned at 8:45 PM.

Respectfully submitted,

George Cassa
