### Pending applications status review

Mr. Van Doren reported that the Miller Farm, formerly Miller Craig Farm – the main farm lot, has not yet closed. He was of the understanding that the SADC has held final approval of the application over the dirt back track that is on a portion of the property and is only used by the current owner. There is concern by the SADC on how to treat this, whether it needs to be a non-severable exception, or can it continue only under the current owner and if title transfers it must be physically removed.

### New applications/requests

Mr. Van Doren reported that he anticipated an application coming from the Schwab's at a future meeting, who are the current owners of a portion of Cold Brook Farm on the west side of Cold Brook Road, formerly owned by Chapin's.

There being no further business, the meeting was adjourned at 6:54 pm.
